

MULTI-USE ADAPTOR KIT/SYSTEM FOR RECESSED CAN FIXTURES

ABSTRACT OF THE DISLCOSURE

An adaptor kit or system for use with conventional can light fixtures to adapt the can light fixture for use as a hanger assembly for ceiling fans, for example, includes a spider plate that is hung onto the can height adjustment screws and a mounting plate to which a cross-bar or other mounting hardware is attached. Adjustment screws are adjusted to control the distance between the spider plate and the mounting plate.
